Guide for Employment/Day Staff Interviews

The purpose of the interview is to gain information and insight into the perspective, knowledge, opinions, preferences, and circumstances of the person interviewed. The interview may present the Reviewer with the opportunity to observe first hand someone's communication skills, appearance, manner and working style.

Remember: these interviews are VERY stressful for individuals answering your questions.

- Begin your interview with an introduction... thank them for their time, tell the person who you are and give a brief overview of what you are there to do, the overall aim of the review (understanding of the supports and services needed and being provided). Be clear that we know the direct support professional knows the person well and that their support is critical to the person's success, growth and safety. Be clear that we respect their opinion... that is why we interview them specifically.
- Explain that the information provided by staff is very helpful to YOUR understanding of what is important to the individual. Tell the staff that if you ask questions that don't make sense, to please ask you to state the question again or to reword the question. Do not lead the staff to an answer and do not use words or acronyms that may not be familiar to them. Tell the person being interviewed that you will be typing their responses to ensure accuracy of the record. The person being interviewed should always be allowed to add information, even if it doesn't exactly go with the exact question being asked, but please note the additional information with the correct question later as a reference.
- Type the interviewee's responses verbatim. Try not to paraphrase. **Do not prompt** the interviewee for desired answers. The Reviewer should make any needed notes at a level of detail and reference that permits the Reviewer to put the information in the context necessary to be useful in supporting the Reviewer's judgments and descriptions.

New Staff If the direct support professional is very new (30 days or less), his or her supervisor may sit in, but the staff should answer questions first. Make clear that you want the direct support professional to answer first and if the supervisor has anything to add at the end of the interview they are welcome to do so. You must record the responses from the direct support professional separate from the responses of the supervisor. It is fine to use initials, but we must know who said what.

DO NOT Even if asked directly, **do not** tell the person interviewed that anything is or is not "all right," "okay with me," does or does not "comply" with any regulation, law or requirement, or any other indication of approval or disapproval. Even if asked directly, **do not** provide technical assistance or "recommendations" to resolve or improve issues.

Change in who is being interviewed: If the direct support professional who knows the person you are reviewing best is not available/allowed to participate in this interview find out why and note the reason and who is giving you this information. Make these notations in your protocol under the appropriate interview. Notify the agency that you will record the answers provided but they may not be counted and the entire interview may be scored a "0". Consult with your Case Judge and Community Monitor prior to completing your protocol.

Names During the interview, whenever the protocol uses the term "(Name)" the Reviewer should use the person's name when speaking, for example, "Ms. Smith," or "Mr. Jones."

Emergencies Remember that the direct support professional may have to respond to an emergency or crisis situation during the interview. If this happens, the Reviewer should terminate the interview immediately and establish a time to reschedule or resume the interview. Do not continue to engage the person in conversation.

At the End At the end of the interview, thank the person for his/her time, information and cooperation.

Based on your review of the records, what should be present in this environment? (e.g., adaptive equipment/assistive technology, specific responses to behavior, specific supports during eating, etc.) If the information you require is found to your satisfaction, check the box next to the item you've listed. If not, leave it blank, highlight it and use it as a reference when scoring and/or writing up your summary. Use this space to identify missing information, use it to verify that recommendations have been followed, use it to ask about or observe needed equipment/devices, etc.

Review the Medication Administration Record (MAR) and complete the following chart. Medication information is to come directly off the container label when possible, and be compared to MAR to be sure they match. Also check the medication administration record to be sure medications have been given as instructed. Be sure to ask if the provider has an electronic and paper MAR. If both are maintained, compare to assure consistency. Also note how medication is stored (e.g., locked, dry and safe environment). Note if there are pain management strategies in place and being implemented correctly for this person, if applicable.

EMPLOYMENT/DAY SERVICES SCORING

Ratings Guide:

A rating of "0" = No Compliance (No)

A rating of "1" = Needs Improvement; few of the indicators are met, many are inconsistently met

A rating of "2" = Many Indicators Met, but not all

A rating of "3" = Full Compliance (Yes)

A rating of "NA" = Not Applicable, and represents an item that does not apply to the individual being reviewed

In some cases, the Reviewer will simply not have enough information to make an informed decision to appropriately score some questions. The option of "CND" (Can Not Determine) is available as a response in these instances. However, "CND" and "N/A" can only be selected when it is among the choices provided as answers.

You must provide an answer for every question

For each question your possible responses are limited to the optional responses listed. For instance, if a question does not list NA as a possible response, you may not use it.

Reviewers: In your justifications use a (+) to indicate examples of compliance; Use a (-) to indicate examples of non-compliance.

33.	Does the direct services staff "know" the person? <i>Note: We expect the staff to thoroughly describe this person's preferences, needs and circumstances, including information describing the individual's method/style of communication; personality, likes, dislikes; the individual's general routine; important people, activities, things in the individual's life; significant events that occurred or are occurring which have an impact on the individual and what s/he is doing or plans to do. Also look for description of strengths, positive attributes, things to build on, such as: communication method; work ethic; skills s/he possess; willingness to try things; willingness to participate in activities; etc. Cannot be a "3" if the staff gives only a clinical diagnosis and NO personal information or vice versa.</i>	Choose

34.	<p>Does the direct service staff have input into the person's ISP? <i>Note: We will look to see if the direct service staff have had input at the ISP, or if it is documented that they provided input directly to the CM in advance of the ISP Meeting. Is there evidence that they provide input through their Supervisor/Coordinator/Manager/Lead and is there proof that this information is shared at the meeting. Verify staff attendance with the signature page of the ISP. Cannot be a "3" if there is NO method, either documented or described verbally, for Direct Support Staff to provide input to the ISP.</i></p> <p>Justification: [REDACTED]</p> <p>Case Judge Comments: [REDACTED]</p>	Choose
35.	<p>Did the direct service staff receive training on implementing this person's ISP? <i>Note: We look to see if the direct service staff are implementing this person's ISP in line with expectations as outlined in the ISP and/or other directions (e.g., from therapists or other specialists.) Cannot be a "3" if the Direct Support Staff stated they received training, but observation and verbal description evidenced they did not know the person's ISP, BSP, Mealtime Plan, outcomes/ action plans, or other plans that are to be implemented.</i></p> <p>Justification: [REDACTED]</p> <p>Case Judge Comments: [REDACTED]</p>	Choose
36.	<p>Was the direct service staff able to describe this person's health-related needs? <i>Note: The direct service staff identifies the important health related needs, needs that if not known and addressed can present a risk to the health and stability of the individual. We are looking for clinical diagnoses, such as seizure disorder, high blood pressure, diabetes; symptoms the person has recently displayed and what is being done to address them, such as - recently has been having trouble standing up from sitting in a chair, has an appointment with PCP, will go to the doctor next week. Also note past illnesses that may affect the person now; such as was hospitalized for pneumonia last winter so extra precautions are taken during the winter such as not going out when it is really cold, and if s/he gets a cough s/he goes to the doctor right away. If this person has health care directives and/or end of life instructions are they known and available? Cannot be a "3" if the Direct Support Staff did not note: risk of aspiration and Comprehensive Aspiration Risk Management Plan or CARMP; the person has seizures and documentation evidenced the person has an active seizure disorder with a seizure plan and a seizure crisis plan; the person has diabetes and documentation evidenced s/he is to have regular blood glucose monitoring and/or a special diet; or other conditions that the person receives medication for, is to be on a special diet because of, has a medical crisis plan for, or documentation indicated the condition affects the person's daily life on regular basis.</i></p> <p>Justification: [REDACTED]</p> <p>Case Judge Comments: [REDACTED]</p>	Choose
