III. DOCUMENT LISTS

IV. REVIEW OF CLASS MEMBER DOCUMENTS SENT FOR REVIEW Missing Documents

Teri Towe

Teri Towe

- You will reconcile what should be on the initial [Document Request Form](#) with your Case Judge by Wednesday before the onsite reviews begin.
- Via SComm, forward your Document Request Form (DRF) to the Regional Office, and copy your Case Judge and the Community Monitor's office (Lyn/Paula). Be sure to include the most current date in the footer so if you add more, the most current document can be identified. At the beginning of each review, specific regional office contacts will be provided to you.
- If more documents are identified as being needed after the initial request, add the additional documents you are requesting to your form, modify the date in the footer and resend it. [Sample completed Document Request Form](#)
- If you discover during an interview or onsite that an additional document is available that is needed, note that on the DRF with the name of the person you interviewed. If that person indicates they can forward the document, ask them to please forward it to the Regional Office so that the same chain is followed as all other documents. Circulate the DRF again, via SComm, with that information. If the person provides you a copy directly, be sure to share this document with Paula Bigham. In turn Paula will ensure the document is shared with DDSD to add to the DOH shared drive.
- Continue to complete the DRF throughout the review, noting when documents were received or if any were not.
- Tips:
 - Save your document frequently to prevent document loss
 - Check SCOMM (Therap) and Dropbox for additional documents from the region and ongoing communication with your Case Judge, Paula Bigham and Lyn Rucker.
